

18/01/11

Department of Mechanical Engineering

Area of specialization of Faculty of Mechanical Engg. Department for major project

All the 8th semester Mechanical Engg. students are informed to choose their supervisor as per the area of their mentioned specializations. Topic of the project and the group of minimum students will be finalized with the final approval of the undersign. All the students are instructed to put up their problem through detailed synopsis duly signed by their supervisors to the undersign by 24/01/11. No request will be entertained after the due date of submission.

S.NO	Name	Area of specialization
1.	Mr. Rajesh Choudhary	Thermal Engg., Non Conventional Machining, Non Conventional Energy Sources, Advance Composites materials.
2.	Mr. Rutash Mittal	Welding, Corrosion science, Metallurgy and material science, Problems related to fluid dynamics.
3.	Mr. Major Singh	Non Conventional Energy sources, Welding, Surface Engineering, Machining Science.
4.	Mr. Amrinder Singh	Industrial Engg., Automobile Engg., Material Science
5.	Mr. Gurpreet Singh	Strength of material, Heat Transfer (Conduction), Design of machine elements, Power plant Engineering.
6.	Mr. Lakhsman Singh	Theory of machines, Automobile Engg., Machine Design, Industrial Safety & Enviornment.
7.	Mr. Samrinder Singh	Thermal Engineering, Process Planning, Welding Technology, Industrial Safety, Non Traditional Machining Process.
8.	Mr. Rajiv Kumar	Industrial Automation & Robotics, Industrial Safety & Enviornment, Automobile Engg., Material Science, Theory of machine, Automobile Engg.

 Rajesh Choudhary
